# MOTION FOR LEAVE TO FILE AMICUS CURIAE BRIEF AND BRIEF OF DR. DEVO SEEREERAM IN OPPOSITION TO JQC'S RECOMMENDATION

## INTEREST OF AMICUS CURIAE

Dr. Devo Seereeram is a Florida resident, licensed engineer, and pro se litigant directly affected by judicial conduct under review in this matter. Dr. Seereeram previously appeared before Judge Diana M. Tennis in active litigation and filed multiple disqualification motions based on political activity in violation of Canon 7. This brief is submitted pursuant to **Florida Rule of Appellate Procedure 9.370** to aid the Court in assessing the ongoing risk to judicial impartiality and public confidence in the judiciary.

## SUMMARY OF ARGUMENT

The Judicial Qualifications Commission (JQC) recommends a public reprimand for Judge Tennis, despite her unprecedented volume of 913 political contributions totaling nearly $30,000, spanning four years, during her active judicial service.

The misconduct is systemic, deliberate, and sustained, exceeding prior disciplinary cases such as Judge Stefanie Moon's, which involved only 15 contributions and led to suspension. Moreover, Judge Tennis's refusal to recuse herself when confronted — including in a motion by the undersigned — further violates Canon 3E(1).

Given these facts, a public reprimand fails to serve as a meaningful deterrent or uphold judicial integrity.

**ARGUMENT**

I. The Scale and Duration of Misconduct Warrants Removal

As documented in Appendix A (Supplemental Statement previously submitted), Judge Tennis made hundreds of small-dollar contributions, often weekly or monthly, through platforms like ActBlue. These contributions were not accidental or isolated — they reflect a coordinated pattern of partisan engagement while serving as a judge.

This conduct constitutes a direct violation of **Canon 7A(1)(e)** of the Florida Code of Judicial Conduct, which explicitly prohibits political contributions by sitting judges.

II. Precedent Supports Stronger Discipline

Judge Stefanie Moon was suspended for only 15 violations.

Judge Ernest Kollra was reprimanded for fewer than 100.

In contrast, Judge Tennis's 913 contributions dwarf these numbers.

To apply a lighter sanction here would create an appearance of judicial favoritism and undermine the enforceability of Canon 7.

III. Her Refusal to Recuse Constitutes Ongoing Harm

Despite receiving detailed motions for disqualification citing her violations, Judge Tennis summarily denied them as "legally insufficient." She continued presiding until reassigned by the Chief Judge — but only after formal complaint escalation.

This refusal directly violates Canon 3E(1), which requires recusal when a judge's impartiality might reasonably be questioned.

IV. Public Confidence Requires Removal, Not Reprimand

Judge Tennis presides over more than 500 sensitive family law cases each year. These involve child custody, support, and parental rights — all areas susceptible to implicit bias. Litigants cannot reasonably trust the fairness of proceedings under a judge with clear partisan engagement and refusal to step aside.

A reprimand under these conditions conveys tolerance of politicized judging, and risks long-term institutional damage to Florida's judiciary.

**CONCLUSION**

Amicus respectfully urges this Court to reject the Judicial Qualifications Commission's recommendation of a public reprimand and instead impose the only sanction sufficient to restore public confidence: removal from judicial office.

Re: Supplemental Statement – **Case No. SC2025-1438**
In re: Judge Diana M. Tennis

Dear Honorable Justices of the Florida Supreme Court:

I respectfully submit this supplemental letter for your consideration in Case No. SC2025-1438, concerning Judge Diana M. Tennis.

As a Florida resident and litigant directly affected by Judge Tennis's conduct, I am compelled to express my concern regarding the Judicial Qualifications Commission's (JQC) recent recommendation of a public reprimand. While the JQC acknowledges that Judge Tennis made 913 political contributions totaling nearly $30,000 — a record-setting violation of Canon 7A(1)(e) of the Florida Code of Judicial Conduct — their recommendation does not fully address the seriousness of the misconduct or its continuing consequences.

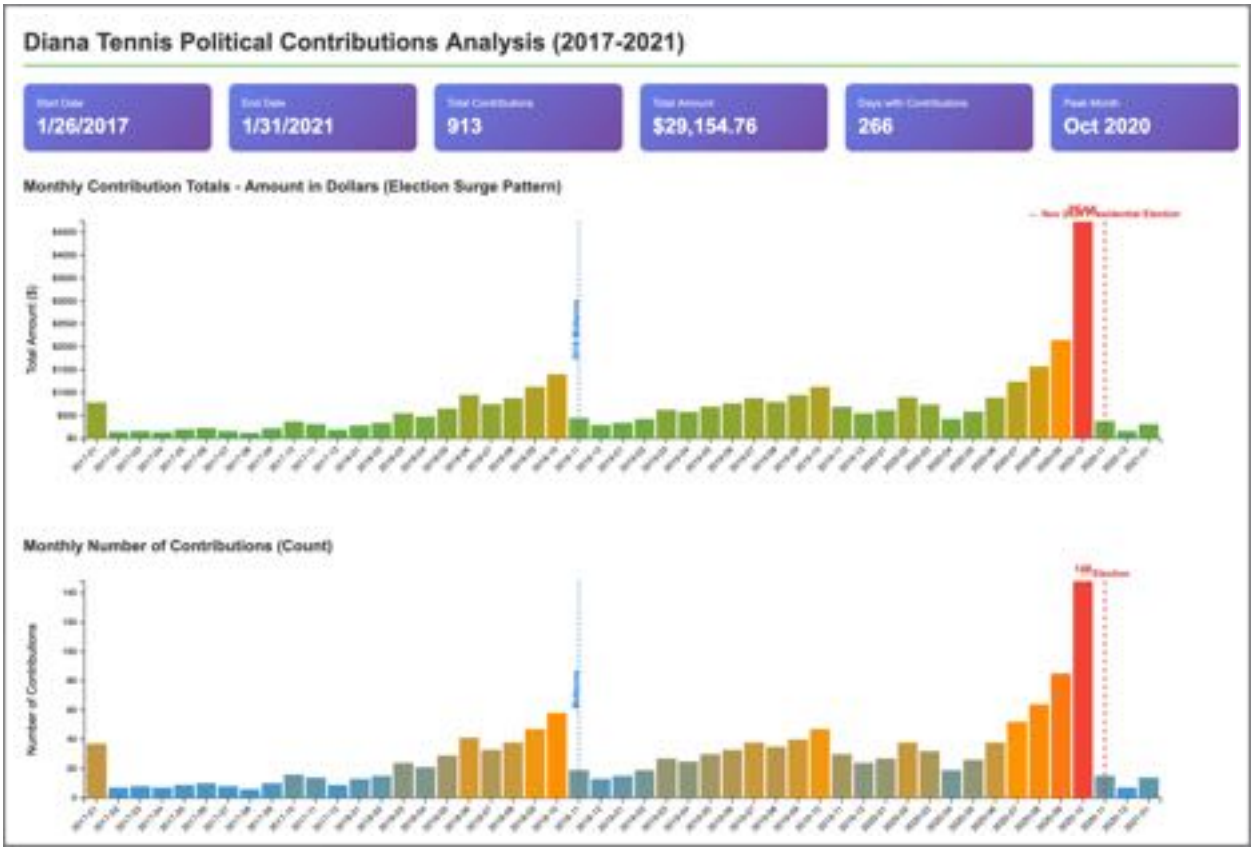

**Refusal to Recuse**

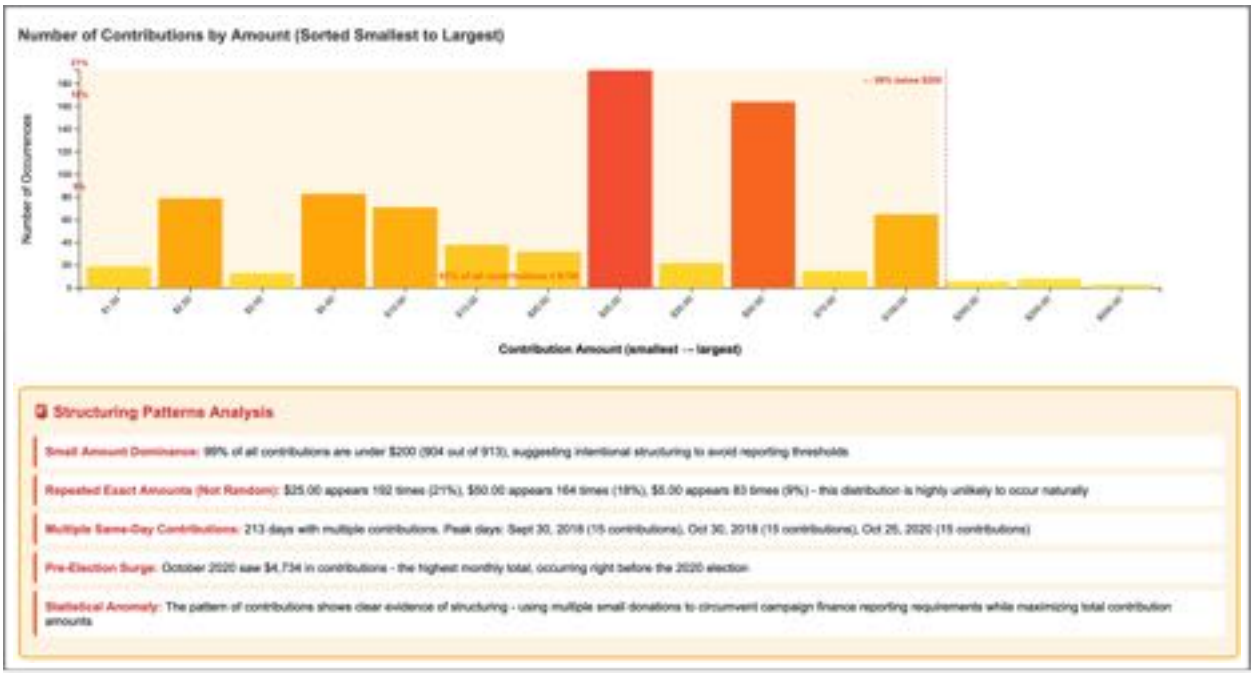

Beyond the sheer scope of her political contributions, the most troubling fact is that **Judge Tennis refused to disqualify herself** when directly confronted with these violations. In August 2024, I filed a detailed motion for disqualification based on her

political activity and Canon 7 violations. Judge Tennis dismissed the motion within hours as “legally insufficient” and continued presiding over my case.

It was only after I escalated the matter to the Chief Judge that she was reassigned — **within two hours of that letter being delivered**. (See Attachment B.) This sequence confirms she was fully aware of her Canon 7 violations yet chose to remain on cases until compelled otherwise. Such conduct is a direct breach of **Canon 3E(1)** and strikes at the heart of public confidence in an impartial judiciary.

As illustrated in the 2 charts below, Judge Tennis’s contributions began six days after President Trump’s inauguration on January 20, 2017, and ceased eleven days after President Biden’s inauguration on January 20, 2021. The clustered and recurring nature of her contributions, often made in small-dollar amounts through platforms like ActBlue, reflects a structured and sustained partisan giving pattern across four years — not an incidental misunderstanding.

Judge Ernest A. Kollra was reprimanded by the Florida Supreme Court on August 28, 2019, and Judge Tennis's contributions are in the time range January 2017 to January 2021 — meaning her violations occurred both before and after that public reprimand, underscoring that she continued this misconduct even after the Court had spoken clearly on Canon 7 violations.

## Unprecedented Scale Compared to Other Judges

Attachment C, which summarizes political contributions by all active judges as of August 2024, makes clear how extraordinary this misconduct is. No other sitting judge comes close to the volume or value of Judge Tennis's contributions.

This Court has already imposed suspension in cases involving far fewer violations — such as Judge Stefanie Moon, disciplined for just 15 contributions. Judge Tennis's case is unprecedented in both scale and persistence, and her refusal to recuse compounds the damage.

**Threat to Judicial Integrity**

Judge Tennis presides over approximately **500 family cases per year**, involving issues of child custody, parental rights, and financial disputes — all areas where personal ideology can affect outcomes. Litigants appearing before her cannot reasonably be expected to believe they are receiving a fair hearing in light of these documented violations.

To permit her to continue serving would erode public confidence not only in the Ninth Judicial Circuit but in the judicial system as a whole. In my respectful view, this is no longer a matter of correction or suspension. The trust that is fundamental to the role of a judge has already been irreparably compromised.

**Requested Action**

For these reasons, I respectfully urge this Court to r**eject the JQC's recommendation of a public reprimand** and take the necessary action to ensure Judge Tennis is **removed from judicial office**. Nothing less will preserve the integrity of the judiciary and the enforceability of Canon 7 and Canon 3E(1).

This is not about punishing a judge for her political views. It is about ensuring that every litigant in Florida courts can have confidence in the fairness and impartiality of the bench. Only **removal from judicial office can restore public confidence** and ensure that the appearance and reality of impartial justice are preserved in Florida's courts.

Thank you for your time and consideration.

Respectfully,

Devo Seereeram, Ph.D., P.E.

FINAL MOTION FOR RECONSIDERATION OF RECUSAL OF JUDGE DIANA TENNIS WITH ADDITIONAL SUPPORTING DOCUMENTATION ADDRESSING THE "LEGAL INSUFFICIENCY" OF PREVIOUS MOTIONS, INCLUDING MOTION FOR RECUSAL DUE TO CANON 7 VIOLATIONS NOTE

**INTRODUCTION ADDENDUM**

This motion for reconsideration supplements the previous motions for recusal submitted in this case. The additional evidence and arguments presented are intended to reinforce and expand upon the substantial concerns previously raised, rather than to stand alone. This motion builds upon the primary documents submitted, addressing issues of bias, procedural errors, and conflicts of interest that, when considered cumulatively, strongly warrant Judge Tennis's recusal from this case.

**PURPOSE OF THE MOTION**

This motion is filed due to the denial of previous recusal motions, which were deemed "legally insufficient." The purpose is to provide additional context and documentation to substantiate the claim of bias and other concerns about Judge Tennis's ability to preside fairly over the case.

**BACKGROUND**

This section provides the background of the case, outlining the petitioner's reasons for seeking the recusal of Judge Diana M. Tennis. It also clarifies the relationship (or lack thereof) between the petitioner and Judge Tennis, emphasizing that the concerns raised are rooted in publicly available records and judicial decisions. The analysis presented here is not intended as a personal attack but as a legitimate and well-founded concern about the fairness and impartiality of the proceedings in this matter. The petitioner seeks to ensure that the trial is conducted in a manner that upholds the principles of justice and impartiality, free from any potential bias or conflict of interest.

August 15, 2024

Honorable Lisa T. Munyon
Chief Judge
Ninth Judicial Circuit Court of Florida
425 N. Orange Avenue
Orlando, FL 32801

Dear Chief Judge Munyon,

I am writing as a concerned citizen and a long-term resident of Orange County since 1986. I have always held our judiciary in the highest regard, trusting in its impartiality and integrity. However, recent developments involving Judge Diana M. Tennis have raised serious concerns that I believe require your immediate attention.

Judge Tennis assumed her position as a circuit judge on January 5, 2015. Between January 26, 2017, and January 31, 2021, she made a significant number of political contributions—913 in total, amounting to $29,154.76. These contributions were made under her name, with her occupation listed as a judge employed by the State of Florida. It is worth noting that during her first two years on the bench, she made no political contributions, suggesting an awareness of Canon 7. The timing of these contributions is particularly troubling, especially in light of a public reprimand issued in April 2019 to Judge Ernest A. Kollra for far less egregious Canon 7 violations. It is also noteworthy that her contributions began just six days after a new president was inaugurated.

While Judge Tennis primarily handles family law matters, these cases can still involve significant political considerations. Decisions regarding parental rights, the division of assets, and alimony or child support can be influenced by broader social and political perspectives. As such, the appearance of impartiality is crucial to maintaining public trust in these sensitive areas.

What is even more alarming is that, despite being presented with evidence of these contributions and violations of Canon 7 in one of the three separate motions for recusal, Judge Tennis has refused to recuse herself from ongoing cases, including my own. Her actions not only contravene Canon 7 of the Florida Code of Judicial Conduct but also raise serious concerns about her impartiality in cases involving political considerations. I included this evidence in my final reconsideration motion, giving her a last opportunity to address the matter appropriately.

I have already submitted a formal complaint to the Judicial Qualifications Commission (JQC) for review. However, my intention in bringing this to your attention is not to attack Judge Tennis on multiple fronts but to prevent significant taxpayer expenses that could arise from retrials and appeals. Numerous cases over which Judge Tennis has presided could be subject to appeal based on this information, potentially leading to substantial costs for the state and further eroding public trust in our judiciary.

To facilitate your review of this matter, I have included a user guide on how to access the Federal Election Commission (FEC) website, where you can independently verify these contributions. The guide provides specific search terms and steps necessary to view the records of Judge Tennis's contributions, allowing you to confirm this information with just a few clicks.

A printout of her political contributions since becoming a judge is attached, with the last column showing the delay in days from the time the contribution is made to the time it is entered in the FEC database. You will note that it sometimes takes up to 989 days for the database to reflect a contribution.

Given the gravity of the situation, I respectfully request that you consider taking appropriate action, which may include an investigation into her conduct and a review of her previous decisions by a special committee.

I trust that you share my commitment to upholding the integrity of our judicial system and ensuring that all citizens can have confidence in the fairness of our courts. Thank you for your attention to this matter. I hope that swift action will be taken to address these serious concerns.

Sincerely,

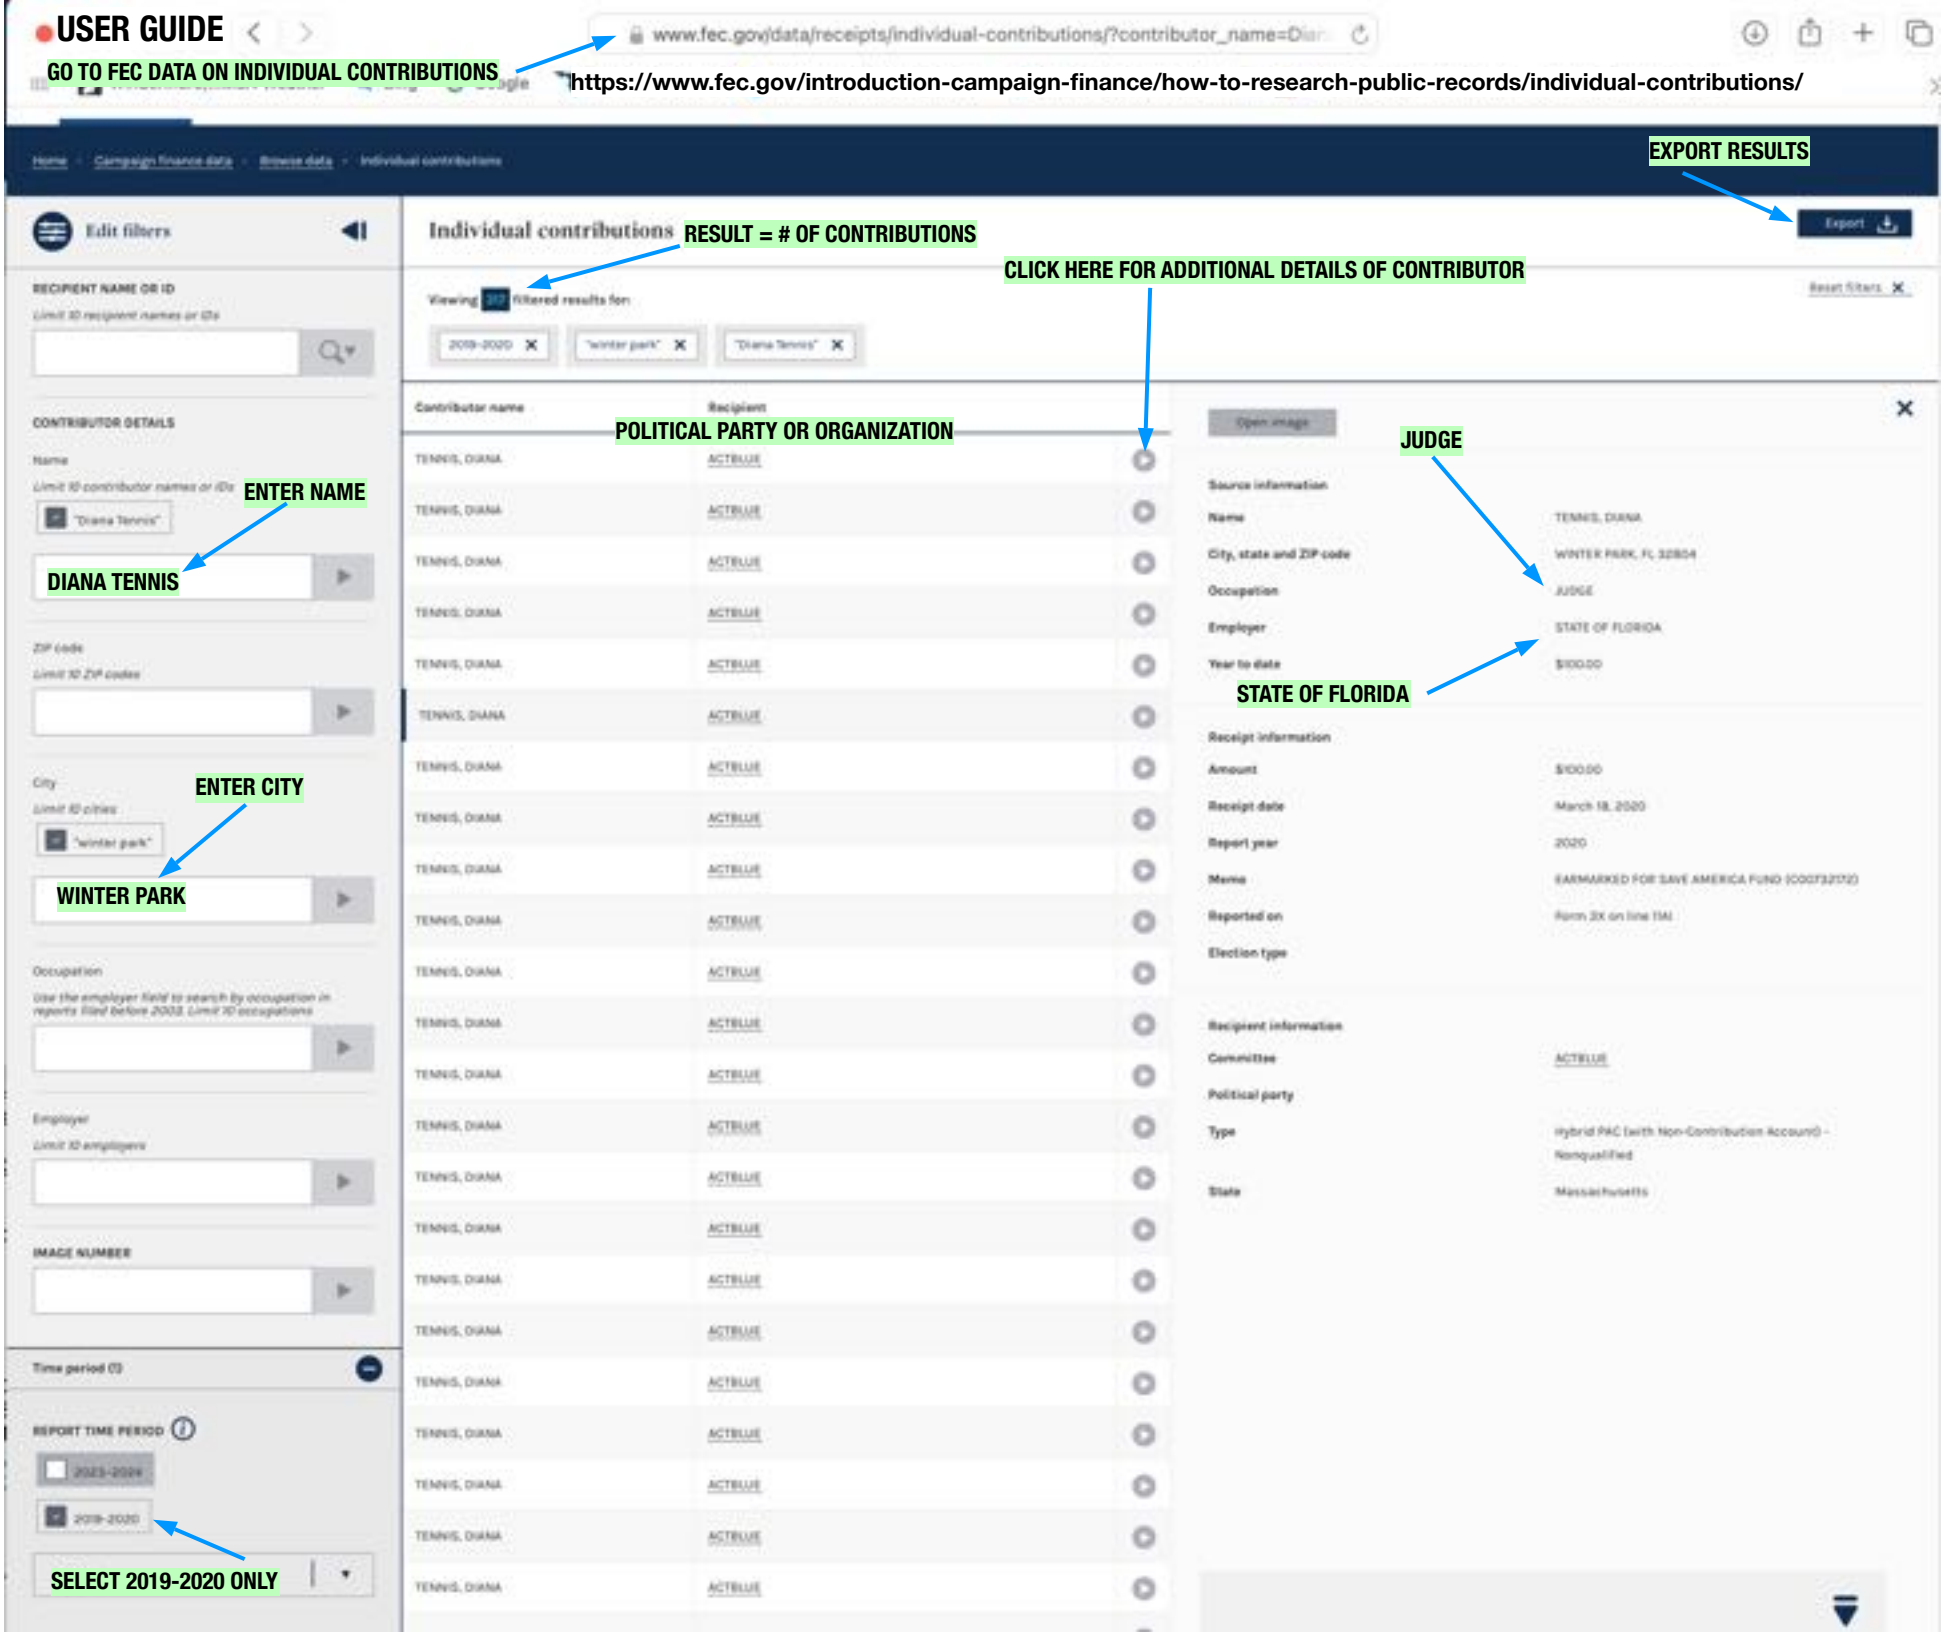

*Devo Seereeram*
